

likely were, it is not likely that the people of so rich a country as Albany, or so prominent a city as Pitts-

The Central Board met last evening, had declared their annual report, a dividend statement, payable on the 5th inst.

Though earning less money in the months of November, December and January, 1887, than in the corresponding months of the previous year, the financial results were decidedly better in 1887 than in 1886, for though the receipts fell off, the expenses were so much diminished as to more than compensate that loss.

The circular of Mr. Wright, for the steamer, gives the annexed statement:

Over-Sea-Trade. The estimates from the South remain unchanged and are based on the same assumptions as last year.

Receipts at the ports for the week amount to 72,000 bales against 100,000 bales last week.

Exports for the week amount to 100,000 bales against 100,000 bales last week.
